SUBJECT: PROBATION AND TENURE**Probation**

Certified staff members will be appointed to a probationary period by a majority vote of the Board upon recommendation of the Superintendent.

Teachers, all other members of the teaching staff, administrators, directors, supervisors, principals, and all other members of the supervisory staff, except associate, assistant, and other superintendents, will be appointed to a probationary period of four years. The probationary period will not exceed three years for teachers previously appointed to tenure in this or another school district or BOCES within the state, provided that the teacher was not dismissed from the prior district or BOCES and met the required annual professional performance review (APPR) rating in their final year of service there. Additionally, up to two years of service as a regular substitute teacher may be applied toward probationary service. (This is sometimes referred to as Jarema Credit.)

During the probationary period, a staff member will be given assistance in adjusting to the new position, but the essential qualifications for acceptable performance will be assumed because the staff member attained the required certification or license.

A staff member's appointment may be discontinued at any time during their probationary period upon the recommendation of the Superintendent and by majority vote of the Board. Any person not recommended for tenure appointment will be notified in writing by the Superintendent no later than 60 days before the probationary period expires.

Tenure

The Board will follow all applicable laws and regulations regarding tenure.

At the expiration of the probationary period or within six months prior, the Superintendent will make a written report to the Board recommending for appointment to tenure 1) those non-teaching certified staff members who successfully completed their probationary period in the District, and 2) teachers and principals who have been found competent, efficient, and satisfactory, and who have received the APPR rating of effective or highly effective in at least three of the preceding four years. If a teacher or principal receives an APPR rating of ineffective in their final probationary year, the Board may not award tenure, but may extend that teacher's or principal's probationary time by an additional year. The teacher or principal may be eligible for immediate tenure if an appeal of the ineffective rating is successful. The Board may then—by a majority vote—appoint to tenure any or all of the persons recommended by the Superintendent.

When the initial probationary period expires, a teacher or principal will remain on probationary status until the end of the school year in which they received APPR ratings of effective or highly effective. The Board may also grant tenure contingent upon a teacher's or principal's receipt of a minimum APPR rating in the final year of the probationary period.

SUBJECT: PROBATION AND TENURE (Cont'd.)**Resolutions Making Appointments**

Each Board resolution making a probationary appointment or an appointment on tenure will specify:

- a) The name of the appointee;
- b) The tenure area or areas in which the professional will devote a substantial portion of their time;
- c) The date probationary service or service on tenure commences in each area;
- d) The expiration date of the appointment, if made on a probationary basis. For appointments of classroom teachers and principals, the resolution must state that:
 1. To receive tenure, the individual must receive composite or overall APPR ratings of effective or highly effective in at least three of the four preceding years; and
 2. If the teacher or principal receives an ineffective composite or overall APPR rating in their final year of probation, they will not be eligible for tenure at that time; and
- e) The certification status of the appointee in reference to the position to which the individual is appointed.
